

Cruikshank Raps Gov't Farm Policy

MEMBER DECLARES FAIR RETURN FOR INDUSTRIES MERITS SOME FOR FARMS

A charge that agriculture department policies were "plowing under our cheque books" was heard from George Cruikshank (Fraser Valley), speaking in the House of Commons at Ottawa on Tuesday night on behalf of British Columbia farmers. It was made during discussion of agriculture department estimates while the House was in committee of supply.

Mr. Cruikshank said poultry and fruit prices in his province were set by the export rate and nine-tenths of British Columbia's agricultural products were exports.

FAIR RETURN
If the government could tell war industries they would get a fair return for Bren gun carriers they produced, he said, they could tell poultry producers they would get a fair return for their products.

A bill to amend the Prairie Farm Rehabilitation Act was read for the first time Tuesday night after a motion presented to the House by Gardiner has been adopted.

Amendments to the Prairie Act will allow the Minister of Agriculture to subject and advise advisory committees that undertake minor rehabilitation schemes, provided that should individual sums to be expended exceed \$5000, approval by order-in-council will be required.

DENIES CHARGE

A telegram from H. R. McMillan, chairman of War Shipbuilding Ltd., Montreal, was read by Finance Minister Ilsley in the House of Commons in denial of a suggestion that Mr. McMillan's company had evaded taxation by constructing a new office building in Vancouver.

George Cruikshank (Lib. Fraser Valley) recently asked a question in the House as to whether a prominent "dollar a year man" had been able to evade excess profits tax on account of having built what he described as a palatial new office building in Vancouver.

BUILT IN 1938

Mr. McMillan, in his wire to the minister, said it had been generally accepted that Mr. Cruikshank was referring to him. He said the new building for his lumber company in Vancouver was completed in 1938 at a cost of \$11,000 which was charged to capital. There had been no taxation evasion, he said.

Mr. Cruikshank was not in the chamber when Mr. MacMillan's wire was read by the minister who said there was a possibility the Fraser Valley member was not referring to Mr. MacMillan.

"VALUED EMPLOYEE"

Mr. Ilsley referred to Mr. MacMillan as a "valued employee of this government." Mr. Hanson, Conservative House leader, remarked, "just another example of gossip being enlarged and repeated."

RAZE LANDMARK

Former Customs building adjoining the Abbotsford station of the C.P.R. is being razed this week. Built in 1910 for convenience in handling railway passenger and express-freight traffic crossing the border, the building was in use until about eight years ago. It has been sold to Frank Zerman, McCallum road, who will reuse the lumber in another building on his property.

WOMEN FORM TRAINING CORPS

The Canadian Women's Training Corps has a unit in Mission with 35 members recruited from Ruskin, Whonnock, Mission and Matsqui and surrounding country. They meet on Tuesday nights and Lieut. Velma Mountain and Capt. I. Blanchard are in charge. Unit has been training for 9 weeks and training for nine weeks and has taken first aid instruction under Dr. W. H. McIntyre and Mr. Stafford. Members from Matsqui are: Mrs. Fred Mundy, Miss Freda Mundy, Mrs. Russell Beharrell and Miss Doris Norrish. The unit is smartly uniformed.

GOOD START FOR VICTORY LOAN IN M-S-A AREA

Nearly One-Quarter of District's Objective Attained in First Two Days; Workers Hope for Record

UNIT "C" TOTAL NEARS \$50,000 TUESDAY NIGHT; ALMOST \$18,000 SUBSCRIBED BY M-S-A CITIZENS

"It is evident that everyone who can possibly do so is going to do their bit to 'supply the tools' by investing in the 1941 Victory Loan," declared Reeve W. J. Park, Unit "C" chairman, in announcing the returns this morning of the first two days' canvass.

Total for Unit "C" by Tuesday night, Mr. Park said, was \$48,500, a big step towards the \$275,000 objective set for the Unit which includes the M-S-A Area and the north side of the Fraser Valley between Pitt and Harrison rivers.

District 1, Maple Ridge-Pitt Meadows, under chairmanship of Reeve S. Mussallem, was leading last night with subscriptions totalling over \$18,000, but District 3, M-S-A Area, under Chairman M. M. Shore was a close contender for top place with a total of \$17,700. District 2, Mission-Dewdney-Harrison Area, reported over \$12,000 in applications for Victory Bonds.

THERMOMETERS
In each district large, painted "thermometers" record the progress of the Victory Loan. District 3 board towers up in front of the Locker Cold Storage plant in Abbotsford and Wednesday shows, with \$17,700 subscribed by Tuesday night that enthusiasm of the public had pushed the "mercury" up almost to the 25% mark. Objective is \$75,000 but the thermometer allows for M-S-A Victory Loan temperature to rise to \$112,000 or 150% of quota.

Sumas Farmer Fatally Wounded While Hunting

SHOTGUN ACCIDENTALLY FIRED WHEN CAUGHT BY WILLOW BRUSH

An early morning stroll with a gun with the prospect of bagging a few pigeons in the pea field ended in tragedy for a well-known Sumas Prairie family on Thursday. Frank Lee, farmer in the Reclaimed Area for the past 10 years, arose bright and early Wednesday morning, May 28, lit the fire, gave Mrs. Lee a customary cup of tea, picked up his gun and strolled forth from the little home at the corner of Dixon and Fireclay roads. He did not return for breakfast but no concern was felt for some time, in fact it was not until Thursday that Mrs. Lee really became worried as she thought he might have met friends or gone into town.

BODY FOUND

Search was instituted Thursday afternoon when it became apparent that Mr. Lee had not been seen by anyone in the district and resulted in the finding of his body some 500 yards west of the house by W. M. Nelson and H. H. Hall, dyke workers, and M. G. Nicholson, dyke superintendent. Constable J. Blezard and Dr. H. E. Cannon were called to the scene by Mr. Nicholson.

As reconstructed at the inquiry held by Dr. E. J. Eacrett, coroner, at the Henderson Funeral Home on Friday afternoon, it is believed Mr. Lee was climbing through some willows and over a pile of old brush when his double-barrelled, hammer type shotgun was snagged by a branch. It is thought he turned to release it and one barrel discharged inflicting a terrible wound in his left side. The

SCHOOLS CLOSE BUT STORES OPEN MONDAY, JUNE 9

Schools, banks and government offices will be closed on Monday, June 9—the celebration of the birthday of King George VI, but stores and business establishments generally will remain open.

TRACK MEET

Upper Sumas School carried off Class A honors at the annual M-S-A Public Schools Track Meet on Friday. Detailed report of the meet is not yet available but the committee has promised it for next week's issue.

Canvassers Are Honor Guests at Dinner Meeting

CONFIDENCE EXPRESSED THAT PUBLIC WILL OVERSUBSCRIBE QUOTA

The half-dozen representatives charged with the house-to-house canvass of District 3, M-S-A Area, on behalf of the 1941 Victory Loan were complimented and given final instructions at a dinner meeting held on Friday in the dining room of Hotel Atangard. M. M. Shore, chairman of District 3 Citizens' Committee, presided. Village of Abbotsford was host.

Honored guests were Harvey Henderson, team captain; N. R. Crist, J. T. Hunter, Harry Taylor and D. E. McAllister. Mr. Henderson is in charge of Abbotsford and immediate vicinity; Mr. Crist, northeast portion of Matsqui; Mr. Taylor, northwest portion of Matsqui; Mr. McAllister, southwest portion of Matsqui; while Mr. Hunter and Reeve Alex. Hougen are in charge of all Sumas municipality and adjacent districts (Reeve Hougen was unavoidably absent from the meeting).

PUBLIC REALIZES NEED

Also present were J. L. Letroy, Unit "C" Organizer; H. E. Beetlestone, vice-chairman of Unit "C" Citizens' Committee, and Lang. Sands, Unit "C" publicity chairman. Mr. Shore briefly complimented the guests of honor on their selection for the important task ahead and expressed confidence in the assistance they would receive and the support that would be forthcoming from the public. Mr. Beetlestone also spoke briefly in a similar vein, declaring he was sure that by now every citizen was aware of the necessity of loaning his savings to the government in this emergency. Mr. Letroy

PIONEER SUMAS FAMILY MAINTAINS RECORD OF FIRSTS

A great-great-granddaughter of a pioneer Sumas family is probably the youngest 1941 Victory Bond owner in British Columbia. Dianne Victoria Herrett, who first saw the light of day on Monday, was presented with a \$50 bond by her parents, Mr. and Mrs. D. Herrett, 540 Richards street, Vancouver, and named Victoria after the Victory Loan campaign.

Baby Dianne Victoria is the great-great-granddaughter of the first white child born in British Columbia—Fraser York, and Mrs. York, Huntingdon. Her mother, former Josephine Frith, is the daughter of Mr. and Mrs. Harry N. Frith of Vancouver, and Mrs. Frith was Mabel York.

\$1,000,000 IS SUBSCRIBED BY B.C. GOVERNMENT

The British Columbia Government is subscribing \$1,000,000 to the Victory Loan, Premier Pattullo announced at a flag-raising ceremony sponsored by women's organizations held at noon Monday to launch Victoria's drive for the loan. Mrs. E. W. Hamber, wife of His Honor the Lieutenant-Governor, officiated in raising the flag.

VICTORY LOAN SUNDAY TO BE HELD JUNE 8

Sunday, June 8, has been named as Victory Loan Sunday throughout the Dominion. Ministers in all churches are expected to preach on the subject of maintaining the Christian way of life against the Godless system of Nazism by the wholehearted support of the Victory Loan drive in progress now. Details of Sunday, June 8, services in the M-S-A Area will be found below the stirring appeal on page 5.

FLY YOUR FLAGS

Request of Premier Pattullo, made to every city and municipality in British Columbia in support of the Victory Loan, that a proclamation be issued urging every home and business to decorate and fly flags throughout the period of the loan drive, is observed in this issue by Matsqui, Sumas and Abbotsford.

Rev. D. C. Harry of Mission Baptist Church was heard over radio CHWK this morning speaking in support of the 1941 Victory Loan. Speaker over CHWK at 10:15 Saturday morning will be Frank Wilson, principal of Mission High School.

Honor Flag Flies On M-S-A Legion Pole

FLAG RAISING MARKS OPENING OF VICTORY LOAN IN DISTRICT

In the presence of representatives of the municipal councils, the Canadian Legion and other public organizations, the 1941 Victory Loan Flag for District 3 (M-S-A Area) was raised with a brief ceremony on Monday morning. Flagpole of Branch No. 15 of the Canadian Legion, as an organization representative of District 3, was chosen and the ceremony was performed with the front steps of the Canadian Legion forming a platform for the several speakers. M. M. Shore, chairman of the district Victory Loan committee, made the address, Rev. A. J. Loughton read the pledge, which was repeated by those present, and the flag was raised by H. E. Beetlestone, vice-chairman of Unit "C" Victory Loan Committee. Cpl. C. J. Young, RCMP, sounded a fanfare on the bugle.

CHAIRMAN'S ADDRESS

"The Government of Canada has asked its citizens for a loan of \$600,000,000 in order to provide our fighting forces with equipment and supplies, and also provide our mother country, Britain, with supplies to help to continue the heroic struggle against those who threaten our liberty and existence. The Minister of Finance has warned us that one-half of our current income will have to be devoted to government purposes. This will thrive on a scale such as has never

THREE BOMBS IN ONE NIGHT BUT STILL FIRM

"Mother has had three time-bombs in her yard all in one night, her windows have been blown in but she still stands as firm as a rock," writes a niece of Mr. and Mrs. T. Preece of Bradner, Hants, England, goes on to say that the family "has to sit up all night ready to run with the babies if the bombs come to close." In another place the niece says, "and although we get quite few shakings and at times it is terrible we can still laugh." A piece of silk cord from a parachute mine and a burnt balloon patch were enclosed. The former is exhibited in THE NEWS window in conjunction with a Victory Loan display.

Scene of Coronation Now Littered With Debris

Four years ago the King and Queen were crowned with brilliant, age-old ceremony in Westminster Abbey. Today, the Abbey's roof is open to the sky, after one of London's fiercest air raids since the

war began. This section of the great hall, with its throne, on which Britain's kings have been crowned for 900 years, is littered with debris. Londoners, however, assured that the damage can be repaired, are thinking more of the record estab-

lished by U.S.-made "Havoc" night fighters, who brought down 10 per cent of the bombers used in a recent attack. The coronation chairs were removed from the Abbey in August 1939, to a place of safety.

Call Tenders For School In Matsqui

WILL ADJOIN PRESENT SCHOOL ON HIGHWAY; REPLACE BUS GARAGE

Tenders are being invited by A. S. Towell, director of the M-S-A Educational Area, for construction of a 3-room school building in Matsqui village. The bids, announcement in another column states, must be received by Mr. Towell by 5 p.m. Friday, June 20, Harold Cullerne of Vancouver is the architect.

Negotiations have been concluded satisfactorily with Mrs. M. Hougen for the inclusion of a lot adjoining the Matsqui Elementary school in the Matsqui village school grounds and the new building will be erected on this lot and face the highway. An old church building on the lot is being removed to a site adjacent to the C.P.R. tracks a block away. This moving job will be completed this week and it is hoped to see construction start on the new school early in July. Purchase of the lot was facilitated through financial assistance arranged by the community.

Lines of the new building will conform with those of the elementary school but exterior finish will include both stucco and siding, the former being a more economical material at present. Basement will be above ground and exterior will be siding to the first floor level and stucco above.

Construction of a two-bus garage to replace that destroyed along with the former Superior school in the Feb. 23 fire is already underway. Percy Jones, building superintendent of the M-S-A Educational Area, has this in charge. The foundations and concrete floor of the original building are being utilized.

Rainbow Bridge Nears Completion

The new "Rainbow" bridge across the Niagara river is rapidly near-
ing completion, and according to
engineers the final girder will be
put in position within a month.
Dedication services will not likely
be held until September. The arch,
largest of its type in the world, is
950 feet between the concrete sup-
ports.

Aberdeen Elementary School

DIVISION I.

We were supposed to have a pic-
ture show at Aberdeen last week
but our electricity didn't have
enough power so we went to Mt.
Lehman Superior School. The pic-
ture show was colored and it was
about the Canadian Youth Hostels
(C.Y.H.) and about gymnastics.
The performers were boys and
girls about 16 or 17 years old. We
are very grateful to Mr. Ruben for
showing us the picture shows.

—Daniel Mimura, Gr. 6.

In our last Junior Red Cross
meeting there were four boys el-
ected to keep the grounds clean.
We are hoping to keep the grounds
cleaner than before. The boys are
Jack Lay, Peter Reddicopp, Wal-
ter Fowles, and Ronnie Lieb. When
the first bell rings we go out and
pick up all the papers.

—Ronnie Lieb, Gr. 5.

Every morning after we have
our Arithmetic we have Music. We
have reading songs. Sometimes we
have the gramophone. Then we
have to pick out the instruments
playing. I like music.

—Bernice Heuer, Gr. 5.

Every day, after we come in
from recess, we study about South
America. We are learning about
animals and people. We tell stories
about it each morning. We like to
study about South America.

—Shirley Taylor, Gr. 5.

Every morning of the week we
have a pupil tell a story. They
usually tell about a History story.
We tell these stories after we say
the Lord's Prayer. Also each morn-
ing the different pupils take turns
writing the name of any song we
all know on the board. After the
story we sing this song. —Doris
Donnell and Doris Mulvehill, Gr. 6.

A pupil from our school has been
chosen Junior Forest Warden. The
boy is Jack Lay, Grade 5. He is
12 years old. Kiyoshi Kinoshita,
Leslie Price and Richard Herrling
are Forest Wardens too. They all
have a red shirt, a green tie and
a green cap. They have a badge
too.

—Peter Reddicopp, Gr. 6.

In drawing period the girls and
boys are coloring air-force men
and nurses. We are going to use
them for a War Savings' Poster.
For every dollar of War Savings
stamps the boys buy we put up an
air-force man. For every dollar the
girls buy we put up a nurse. A
platoon has 39 in it. After \$39
worth of stamps has been bought
the next \$5 worth of stamps will
be for an officer. The boys and
girls are going to see which can
make a full platoon first. Both
 platoons are more than half full
now and we are going to try to
fill them before school closes for
the summer holidays.

—Lois Larson, Gr. 6.

In Geography, Grade 6 has been
learning about Japan. We have in-
teresting ways of learning about
different countries. The girls were
divided into three groups with
four girls in each group. There
are only five boys so they were one
group. Each group had a big piece
of cardboard and they wrote ar-
ticles for and pasted articles on it.
The subjects of the different
groups were industries, fishing,
transportation and farming.

—Ruth Staf, Gr. 6.

We have a chart in the hall with
a picture of a thermometer on it.
Beside the thermometer are the
numbers 1 to 100. When there is
\$1 worth of stamps bought the
mercury moves up one-half inch.
The mercury is already up to 55.
At the top of the thermometer is
a sign which says, "Let's make it
hot for Hitler." —Robert Low, Gr. 6

OUR MAYPOLE

Some children made a Maypole
from wood, and we put some green
and white paper hanging from it
for ropes. They made some little
boys and girls dancing around the
Maypole. Then they put the child-
ren in little clay stands, and put
the Maypole on Miss Woodward's
desk. It is a very good Maypole.

—Dolores Brown, Gr. 2.

GROCERY STORE

Grades 1 and 2 are making a
grocery store. I will tell you what
we did. Hiro, Jitsuo, Alfred, James
and Arden made the store. They
made it out of boards and nails.
All grades 1 and 2 made things
for the store. Today they arranged
them on the selves. Alvin Larson
is the grocer. On May 29, our gro-
cery store opens.

—Pherne Klemen, Gr. 2.

JOE WITH MUMPS

Joe had the mumps for two
weeks. When he came back, we
looked at his face, and he did not

have them any more.

—Emma Baker, Gr. 1.

OUR SANDTABLE

We made a sandtable about Hol-
land. Gordon, Alvin and I made
cows, dogs and geese. Linda and
Janie made a windmill. Noreen
made a house and a barn beside
it. John made a wagon for the
dogs to pull, and he made five
boats with peat and cheese in
them. Rose Marie made some tulip
gardens. Phyllis, Mae, Ellen and
Marion made Dutch boys and girls.

—Joe Hrenyk, Gr. 3.

OUR MURAL ON CLOTHING

As grade 3 was learning about
clothing they made big pictures to
go on the front wall. I shall now
tell about some of the pictures.
Picture 1 was an Indian woman
weaving. The next was of how
cotton was first found. Picture 3

SUMAS REDUCED

At the request of the munic-
ipality, Sumas has been reduced by

from the rest of the district the
section now becomes unorganized
territory.

HAD LIQUOR

Two Chilliwack Indians, Wm.

arrested by Const. F. Saunders
when found in possession of liquor
Saturday about 1 a.m. at Matsqui
appeared in police court at Mt.

News of the Farms

Report Presence Of Anthracnose In Apple Trees

Evidence that there are apple trees in this district affected by Anthracnose or Blackspot Canker, as it is sometimes called, is reported in a contribution to The News "Farm Page" received from Sardis Nurseries.

It is pointed out that Anthracnose is not at all hard to recognize and a careful examination of diseased trees will show the typical, irregular, oval-shaped, grey brown spot or patch on the trunk or branches of the younger trees and on the smaller branches and twigs of the larger ones. At this time of the year these spots have the appearance of a depression in the bark and have a ragged crack around them.

The fruit from affected trees is often spotted though this may not appear till after storage when the apples will not keep well. Fortunately the control of Anthracnose is not at all difficult and it can be cleaned up with a little care. A splendid circular called "Anthracnose of Apples" may be had from the Department of Agriculture at Victoria or from G. E. W. Clarke, District Horticulturist, Abbotsford. The disease is serious but with a little effort it may be cleaned right out of the trees.

BARN IMPROVEMENTS INCLUDE FOOTBATH FOR DAIRY COWS

Norman Towe on the Wells Line Road, Sumas Prairie, has greatly improved his dairy barn of late by installing concrete floor and mangers throughout. When laying the cement floor he showed forethought by arranging to have a depression made in the concrete at the doorway which will be utilized as a compulsory footbath for the cows as they enter the barn. He plans to fill this with a disinfectant solution should the cows show any signs of foot trouble.

B.C. VEGETABLE BOARD MEMBERS ARE ELECTED

Leslie Gilmour, chairman of the 1940 B.C. Coast Vegetable Marketing Board, and Col. A. W. McLellan and George Howland, both former members of the board, were elected to the 1941 board. E. W. Bourque, secretary-treasurer, announced Saturday, immediately after ballots has been counted. Gilmour and McLellan, both candidates in the Lower Mainland area, were given overwhelming majorities. Gilmour, who headed the poll, received 160 votes and McLellan, 145. Other votes were: S. H. Ford, board member in 1940, 95; S. J. Grey, 93; E. Grieves, 78, and C. P. Winstral, 77.

Voting in the Vancouver Island and Pemberton district was closer. Howland defeating A. N. Primeau, the sitting member, by a vote of 96 to 82.

BRITAIN BUYS OVER 500,000 CASES OF MILK

Canada has arranged to sell to the United Kingdom 509,000 cases of evaporated milk for delivery between April, 1941, and April, 1942, and this amount will be increased, Hon. J. A. Gardiner, Agriculture Minister, told the Commons on Wednesday in reply to a question by G. A. Cruickshank (Lib., Fraser Valley). Provision of the 509,000 cases was allocated among six companies.

TIMELY TIPS

by a
Bradner Gardener

VEGETABLE GARDEN

Thin out Parsnips 8 inches to 1 foot apart.

Thin out beetroot, also carrots, turnips.

Onions—Hoe, thin, and weed all beds.

Lettuce—Sow seed now for succession. Also spinach.

Cress or Pepper Grass—Sow now to keep supply going.

Beans can still be sown.

Keep hoe going regular.

FLOWER GARDEN

Begonias should all be planted now, also Saliras, Geraniums, Petunias, Fushsias. A lovely annual is the Nemesias, also Farenias and Schiranthus, making a lovely bunch of color.

Look to your climbers now and tie up new growth for next years flower.

Watch for Aphids now with this wet weather.

Weed and hoe when weather is favorable.

WARTIME SPIRIT ON THE FARM

Mrs. I. M. Keefer, Sumas Prairie, has been without a hired man for sometime. Undaunted she has undertaken to milk the herd herself. This is no mean task, even though Mrs. Keefer is younger in spirit than in years. There are 28 cows to be milked morning and evening with but two milking machine units. And the garden is not being overlooked between times!

HECKLER

OFF TO THE CLINK

Heckling pickets, even American Peace Mobilization pickets marching in front of the White House, is just not allowed, and this unidentified heckler soldier is being taken by Lieutenant-Colonel Horace B. Smith (RIGHT), to the White House guard room on May 13. He was one of a group of soldiers, sailors and marines who gathered in Lafayette Park, across from the executive mansion to hoot at the pickets. The others dispersed at Smith's request.

FILLS SILOS WITH CLOVER, GRASSES AND MOLASSES

C. H. Beldam, well known president of the Sumas Cow Testing Association, has already filled both his silos. He has used a mixture which has given good results in the past, clover, mixed with grasses and molasses. However, this year one silo was filled during a fine, hot spell of weather while the other was filled during a rainy spell so it will be interesting to observe any difference in quality at feeding time.

United States-Type Bomber To Be Produced in Canada

First contracts let to Canadian aircraft concerns when production of warplanes began here were for British-type planes. Now, as U.S. firms are rushing their best planes to Britain under the lease-lend bill, these makes are gradually being put under production here. A contract which

may reach \$18,000,000 has been signed by the National Steel Car to build about 200 Martin B-26 bombers at Malton, Ont. Called the "Flying Torpedo" in the United States, it is one of the world's fastest bombers, and those built here will incorporate many improvements suggested by the Martins in actual warfare.

"GOD BLESS OUR BRAVE DADDY OVERSEAS"

FOR EVERY CANADIAN who sails the deep, for every airman who flashes through the skies, and for every other man in the fighting forces, the prayers of the nation "rise like a fountain, night and day."

In times of crisis our people stand steadfast. In daily devotions they renew the flame of faith and arm with unseen powers their warriors in the field.

Oftentimes they discern the Unseen Hand. Witness the miracle of Dunkirk. Witness, too, in

the darkest hours the emergence of great inspiring figures to steady the ranks of Democracy and fire its courage and confidence.

Church bells are ringing throughout Canada calling men and women to worship and sacrifice in defence of our freedom, the sanctity of our homes and the future of our children.

Translate your faith into works by buying Victory Bonds.

The Dykes Will Go Unless...

In a striking appeal by Reeve S. Mussallem of Maple Ridge, the urgency of every citizen purchasing Victory Loan bonds to the limit of his or her ability is brought closely home to each one of us in the Fraser Valley. Not only does Reeve Mussallem, well known throughout the valley, make a comparison easily understandable but he gives a personal experience account of the horrors of life under a dictatorship. His appeal, published in the Maple Ridge-Pitt Meadows Gazette, declares in part:

"We can no longer sit back while others protect us and make life easy for us, and I find no simpler way of expressing the danger of the present situation than by saying we are like people in some great dyked area when mighty flood waters are causing breaks in the dykes, and unless everyone turns out to work and gives the uttermost that is in him, the dykes will go, and everything will be lost. One can not imagine anyone sitting quietly at home and doing nothing in such a case.

"The present situation is very much like that. Unless we can stem the Nazi flood, trickles of which are already reaching our dykes, and which has swept over fifteen fine nations, we shall eventually learn that which they, unfortunately learned too late namely that as surely as no man lives unto himself alone, no nation can countenance wrongdoing and yet escape the consequences.

"Too often we are prone to underate the blessings we have inherited with the steady growth of democracy since the signing by King John of the Magna Charta, and there are those who think that, perhaps, life under a dictatorship might not be so bad after all.

"As one who spent the first seventeen years of his life under a dictatorship, I can only say that such a hope is utter foolishness. I lived under the old Turkish regime dictatorship in Syria. The unpaid police bossed every community, making far more than wages out of what they took from the people. Everyone had to bow when passing a policeman, and those who did not were given a dose of rawhide whip. There was no set date for tax collections, and the police collected when they felt like it. I could tell of many incidents of almost unbelievable cruelty against which there was no redress. They were more than sufficient to make me decide to leave Syria and seek the freedom of the British.

"But all the violence I saw in Syria is as nothing to the brutality of the Gestapo and the minions of the gangster dictators of Europe, trained as they are from childhood to delight in mean cunning and murder of the weak and defenseless. Do you wish such brutes to drive your children as slaves and to look upon you as an inferior race, a something less than human?

"We can not all be in the fighting line, but we can still fight. Many are laying down their lives, deeming it a greater thing to die than live disgraced and found wanting in the great testing of men, but even if we are not called upon to make the supreme sacrifice, we can still emulate it by aiding those who fight by the sacrifice of self in our everyday life. That great chieftain Churchill, speaking from that front line, where already thousands of men, women and children have given their lives, said: 'Give us the tools, and we will finish the job,' and it is to furnish the tools that support is now asked for in the Victory Loan 1941. It means sacrifices—great sacrifices—but is everything each one of us possesses of more account than the life of one small curly-headed boy or girl? If a child can give its life, can we withhold the dollars we sometimes prize too much, and which will mean exactly nothing to us, if our great defense fails."

"Say—do you think we are getting the boys OVER trained?"

Items for this column will be welcomed by phone or in writing by Frances Pengilly, phone 58.

Mrs. Ruth Goodall of Chilliwack has been appointed to headquarters staff of the Fraser Valley Union Library during the summer months. Mrs. Goodall, who holds a McGill diploma in Library Science, assumed her duties here on Monday.

Mr. and Mrs. Alex. Kerr have taken up residence on McKenzie road in the house formerly occupied by J. Romanchuk.

Miss Amy Hutcheson is spending a week's holiday at her home in Chilliwack.

Mr. and Mrs. Pat Douglas took part in a welcoming party in New Westminster for Mr. Douglas' brother, L. AC Jimmy Douglas, who is on leave after months of flying on the airplane ferry service between Canada and Great Britain. Young Douglas has been through the bombing of Britain but states that the people are cheerful of the ultimate result and are standing up to the strain and are showing that "they can take it."

Mrs. H. Fraser attended the 18th annual conference of the W.M.S. of the United Church in Cloverdale on Friday.

Mr. J. E. Stady, who has been a patient in Shaughnessy Military Hospital in Vancouver for the past two weeks, is progressing favorably.

Lorne Vanetta and Angus Fraser have returned from a holiday spent fishing in the Interior. Miss Mary Trimmell has joined the staff of the local branch of the Royal Bank of Canada.

Weekend guests of Mrs. Hannah Fraser were Mrs. Alex. Bates and Mr. and Mrs. George Langshen of Stanwood, Wn., Mr. and Mrs. Weaver and Kenneth of Vancouver and formerly of Abbotsford, and Miss Marie Madill of Vancouver.

Approximately 50 guests surprised Mr. and Mrs. Walter Duark on their silver wedding anniversary on Saturday night. Appropriate contests and games were the chief form of entertainment. Mrs. W. Coult and Miss Janet Golas each delighted the guests with two solos. Mrs. A. C. Cameron presented the honored guests with a silver pie casserole and pieces of chinaware. Refreshments were served and a social evening followed. Before departing the guests joined in singing "Blest be the Tie That Binds."

Gay colored lights decorated the lawn at the home of Mr. and Mrs. Alex. McDonald on Friday evening when 18 guests surprised Warren McDonald. The guests enjoyed lawn dancing to piano music provided by Miss Norma McGilivray, and, to add variety, several games and contests were conducted. Refreshments were daintily arranged and were served by Mrs. McDonald and Mrs. G. Sparrow. Warren 'Mac' was presented with a photograph album from the assembled friends.

DINNER HONORS MISS McCULLOCH

Miss Doris McCulloch, bride of next week, was honored by a dinner on Sunday evening when Miss C. Cruickshank entertained eighteen guests at her home in Clayburn. Invited guests included: Mr. and Mrs. R. McCulloch, Mr. and Mrs. Stanley Sorenson, Mr. and Mrs. J. Young, Mrs. J. McKee, Mrs. T. Bell, Misses Goldene Sorenson, Eleanor Cameron, Eileen Ball, Julia Zalesky, Betty Seldon, Messrs. Earl Kerr, George Seldon, Dick Young and Bill Hamby.

ENTERTAIN RED CROSS MEETING

Mrs. Len. Smith and Mrs. Amos Gibbard were joint hostesses at the home of the former for the May meeting of the Matsqui Red Cross on Tuesday afternoon. Twenty-five members were present. It was decided to hold a garden party on the evening of June 13 in the Lutheran Church Parlors and grounds.

SCOTS' VERSION

ANOTHER VERSE

Her Royal Highness, Princess Alice, gave the Ontario provincial W.M.S. convention a new rendering of "There'll Always Be an England," which, she said, "has just come to me from Glasgow," as follows:

"There'll always be an England
As long as Scotland stands.
It's just through poor auld Scotland
That England's wealth expands.
Our friendly neighbor England
We always will defend.
We'll fight all England's battles,
Her broken ships we'll mend,
And when the war is over
And victory has been won,
We'll sing all England's praises
For what auld Scotland's done."

ABBOTSFORD PARAGRAPHS

The cute teddy on the paper serviettes that are so popular with visitors to The Teddy Bear Confectionery as souvenirs of Abbotsford, has patriotically given place this month to the Victory Loan torch emblem and slogan, "Help Finish the Job." Tommy Irvine reports these printed napkins are almost equally as popular, particularly with visiting Americans.

It was Canadian Legion to the rescue on Monday morning when Abbotsford-Matsqui detachment of the B.C. Police had only a tattered remnant to hoist for the opening of the Victory Loan.

Grandpa Gosling believes we have too many regulations today, particularly trucking regulations, but, he observes, we are still well off compared with people in a lot of other countries. "We can still think what we please out loud!"

Local organizations are backing the Chilliwack campaign boosting Fred Menzies for the Senate vacancy created by the death of Senator J. D. Taylor of New Westminster.

Mr. Alex. Cruickshank notes omission of an interesting item in last week's reference in THE NEWS to the community service of the late Wm. Merryfield. Mr. Cruickshank recalls that Mr. Merryfield walk untold miles in personal service to Matsqui schools when a trustee and chairman of the school board and also when reeve of the municipality some 20 years ago, a time when roads and travel were not as they are today.

ERNEST ALBERT TEREPOSKI

Funeral services were conducted from St. Ann's Church to Hazelwood cemetery at 10 a.m. Saturday for Ernest Albert Tereposki, 7-months old son of Mr. and Mrs. Andrew Tereposki. The baby passed away in the M-S-A General Hospital. Rev. Father D. F. White conducted the last rites and Henderson's Funeral Home had charge of arrangements.

JAILED

Andrew Cundak of Clayburn was sentenced to 10 days in jail when he appeared in Vancouver City Police Court Monday on a charge of illegally wearing an army uniform. Cundak was discharged from the army two months ago.

Patriotism and Health Increase With Greater Wheat Consumption

A more liberal use of wheat from Canada's abundant supply would not only be a patriotic gesture on the part of the homemaker, but would add nutritive value and interest to the daily menu.

The term quick bread is used to designate the type of product in which baking powder or soda is used as a leavening agent and to differentiate between it and the longer rising yeast bread. These quick breads are largely used in emergency on account of the short time required in preparation, for such foods as muffins, biscuits, pop-overs, scones and other cereal mixtures.

QUICK BREADS

The following recipes for quick breads are recommended by the Consumer Section, Marketing Service, Dominion Department of Agriculture:

For these recipes, either whole wheat or white flour may be used.

Baking Powder Biscuit (Basic Recipe)

2 cups flour
4 teaspoons baking powder
4 tablespoons shortening
½ cup milk
½ teaspoon salt

Mix and sift dry ingredients. Cut in the shortening until the mixture resembles fine bread crumbs. Add milk slowly to form a soft dough. Toss on a floured board. Pat or roll to ½ inch thickness. Cut. Bake 12 minutes at 450°F.

Variations)

1. Tomato Biscuits—

Substitute tomato juice for milk.

2. Emergency Biscuits—

Increase milk to ¾ cup. Drop by spoonfuls instead of rolling.

3. Raisin Biscuits—

Add ½ cup raisins to Emergency Biscuits.

4. Cheese Biscuits—

Add ½ cup grated cheese.

5. Cheese Fingers—

To basic recipe add ½ cup grated cheese. Roll to ½ inch thickness. Cut in pieces 4x½ inch.

6. Pinwheel Biscuits—

Roll dough to ¼ inch thickness, keeping it rectangular in shape. Brush with melted butter. Sprinkle with cinnamon and ¼ cup white sugar. Roll like a jelly roll. Cut slices ¾ inch thick. Place on a greased baking sheet. Cut side down. Bake 20 minutes at 450°F.

7. Butterscotch Rolls—

Use ½ cup brown sugar in above recipe, omitting white sugar and cinnamon.

8. Maple Biscuits—

Pour 1 cup maple syrup in a baking pan. Bring to boiling. Place plain biscuits in hot syrup. Bake 12 minutes at 400°F.

9. Nutbread—

Add ½ cup nuts to basic recipe. Turn into a buttered loaf pan. Let stand 20 minutes. Bake 45 minutes at 375°F.

10. Jam Jennies—

Cut biscuits ½ inch thick. Make a deep impression in top of each. Place 1 teaspoon jam in each. Bake 12 minutes at 400°F.

11. Scones—

Roll to ½ inch thickness. Cut in triangles or squares. Cook on a hot

griddle. When one side is brown, turn.

12. Apple Biscuits—

Substitute ¾ cup smooth apple sauce for milk.

13. Health Biscuits—

To basic recipe add 2 tablespoons milk and 3 tablespoons wheat germ.

Brown Bread

1½ cups whole wheat flour

1 cup cornmeal

½ teaspoon soda

½ cup molasses

1½ cups sour milk

1 teaspoon salt

1 cup raisins

2 tablespoons butter

Mix flour, cornmeal, salt and sugar.

Add soda to sour milk. Add to dry ingredients. Add molasses, then melted butter. Turn into a buttered loaf pan. Let stand 20 minutes. Bake 1 hour at 350°F.

Fruit Muffins

2 cups flour

3 teaspoons baking powder

1 egg

1 tablespoon sugar

1 cup milk

4 tablespoons melted butter

½ teaspoon salt

½ cup raisins

¾ cup fresh blueberries, raspberries or chopped cherries, or ½ cup well drained canned fruit can be used instead of raisins.

Beat egg well. Add milk, salt, sugar and melted butter. Add flour sifted with baking powder. Beat until smooth. Drop in small well greased pans. Bake 25 minutes at 425°F. Makes 12 muffins.

Coffee Cake

2 cups flour

4 teaspoons baking powder

6 tablespoons shortening

½ cup milk

1 egg

Topping—

2 tablespoons butter (melted)

1 tablespoon flour

4 tablespoons sugar

½ teaspoon cinnamon

Mix topping and set aside. Sift dry ingredients of biscuit mixture.

Beat egg and milk. Add melted butter. Pour into dry ingredients.

Mix well. Press into well greased round cake pan. Cover with topping. Bake 25 minutes at 400°F.

Cut in wedges before removing from the pan. Serve hot. Serves 6.

LARGE AUDIENCE ENJOYS ANNUAL DRAMA NIGHT

Philip Sheffield High School Players presented their fourth annual production night in the auditorium on Tuesday, May 20, to a large audience. A short comedy "Who Gets the Car Tonight?", directed by Miss I. Smith, included the following cast: Chester Larson, Molly Hill-Tout, Hugh Hunt, Zelma Wademan, and John Budsey. Scene I, Act IV, of The Merchant of Venice, under the direction of Mr. R. Topper, was played by Wilma Sandvik, Joyce Cass, Frank Kiss, Terry Short, Ted Lawrence, John Doerksen, Sandy Purver, Bruce Sibbald, John Irvine, Gordon Harvey and William Taylor. Stephen Foster selections were presented by a chorus of mixed voices under the direction

Dividends and Bonuses Paid By 'Phone Co.

REFUND ON PHONE RENTALS MADE AND BONUSES TO EMPLOYEES

Stockholders of the Farmers Mutual Telephone Company are receiving copies of the 1940 report, showing many improvements in finances and in physical assets for the year.

New plant additions made during the year amounted to \$20,633. Included in this figure was the sum of \$3,896 for a new switchboard at Blaine, about \$7,800 for poles and copper wire for an additional circuit from Glacier through Maple Falls to Deming, \$2,531 for new phones and \$1,253 for trucks and tools.

MAKES REFUND

As 1940 was a better than average year for the company and no storm losses were incurred, the board made a 10 cents a month refund on rentals to all subscribers. A salary bonus of \$600 was also paid to the employees.

The income for the year amounted to \$12,719.64 of which \$4,724.00 was paid to the stockholders as dividends and the remainder appropriated for additions and betterments to the plants.

The increase in cash receipts for the year was attributed to a gain in the number of phones, and to the more extensive use made of long distance calls. The total number of phones at the end of 1940 was 2,655.

ASSETS ARE LARGER

Total assets of the company for the year 1940 amounted to \$203,095. The net worth was placed at \$193,007. The company closed the year with no indebtedness except current bills. Taxes for the year were more than a thousand dollars greater than the preceding year, the annual report shows, and they amounted to nearly \$24 per day. The operating expenses for the year were \$61,801.

The report will be discussed at the annual meeting to be held Monday, June 9, at Ferndale.

LANGLEY REJECTS \$30,000 B.C. GRANT FOR NEW SCHOOL

By a vote of 855 against and 403 in favor, the people of the municipality of Langley turned down a by-law that, if passed, would have built a \$102,000 school in the district. The by-law was for \$70,000, the provincial government having pledged itself to the remainder of the \$102,000. The school would have been of the junior-senior high school type.

SEWING AND KNITTING

"Can you sew? Can you knit? Do you want to help the gallant people of Britain? Here's another chance. And it comes as the result of a very special call for help from Herbert Morrison who, as Minister of Home Security, is in charge of Britain's Civil Defence Services—air raid wardens, auxiliary firemen, ambulance drivers, bomb disposal and rescue squads and men and women in other fields of war endeavor.

"Our men and women need comforts badly", he says, "They are working ceaselessly, day in and day out, under incredible difficulties and dangers. They are fighting fires, driving ambulances, doing rescue work, caring for the injured, and digging out victims of bombing raids. They are standing side by side with all our fighting forces, writes Byrne Hope Sanders in Chatelaine.

BRIDE-ELECT
IS HONORED

Mrs. L. Fouquette was hostess at her home on Thursday afternoon at a miscellaneous shower in honor of Miss Ruby Newcombe, eldest daughter of Mr. and Mrs. Newcombe of Lombard.

The guest of honor was escorted to a prettily decorated chair and the many useful and pretty gifts were presented to the bride-to-be in fancy decorated boxes. The rooms were beautifully decorated with summer flowers and a bride's cake centred the tea table. Miss Newcombe thanked the guests for the gifts. Refreshments were served by the hostess and a pleasant afternoon was spent.

MEETS EMERGENCY

"You will probably laugh when you hear how we sterilized the hospital linen used in a serious gas gangrene case here," writes the Matron of the McBride Red Cross Outpost Hospital. "We got a 20 gallon gas drum, took it over to the shops and had them steam it out. We dug a small hole in the ground far enough away for safety yet close enough to be reached by the hose. We built a wall of bricks and stones around it, lit a fire in it, placed the drum on it, and filled it with water. We soaked the linen for 24 hours in a solution of Klorox, then put it in the 'boiler' to boil for one hour. We then put through the regular wash, and hung it out on the line in the sun for a full day. If there are any of those spores' alive after that, I give up."

Summer Flowers
Compliment Bride
At Bradner Nuptials

The Bradner Presbyterian Church was the scene of a pretty wedding on Sunday afternoon, June 1st, when Mrs. Meta Alice Waring was united in marriage to Mr. Harry Lee Waring of Vancouver Island. Rev. J. Wilson of Vancouver performed the ceremony.

The bride, who entered the church with Mrs. J. W. Pennington, who gave her in marriage, was dressed in a navy blue crepe dress and hat to match with white trimming. She wore a corsage of pink and white stephanotis. Mrs. J. B. Merfield of Seattle was the bride's attendant and chose a smart ensemble of black and white sheer. Mrs. Pennington was attired in a gown of dusty rose with a black hat. Mr. John B. Merfield supported the groom.

The church was beautifully decorated with a profusion of roses, Lupins and other summer flowers by the ladies of the congregation.

After the ceremony Mr. and Mrs. Waring left for Vancouver Island where the wedding trip is being spent.

Unemployment Insurance Becomes
Effective in Canada on July 1stSTAMPS TO BE PLACED IN BOOKLETS WEEKLY
AS RECORD OF CONTRIBUTIONS TO INSURANCE

Unemployment Insurance becomes an actuality in Canada from July first. For the Workers who are subject to periods of unemployment through no fault of their own it will mean the difference, according to a report from Ottawa, between being on relief or charity and the self-respect of having provided for their own welfare through a plan of insurance savings.

The plan is one of co-operation between the employer, the employee, and the Government. Each makes a contribution based on the weekly wages earned by the employee. To the amount contributed by the employer and the amount

deducted from the employee's wages, the Government adds one-fifth of the total, and pays for the cost of operation. These contributions are similar to insurance premiums, and accumulate against the day when the worker, either male or female, becomes unemployed. Then, in a very short time the worker begins to receive weekly cheques which will continue for a limited period of unemployment.

OTHER EXAMPLES

This, briefly, is the Unemployment Insurance Plan which becomes a law of Canada, just as it has been a law in Great Britain for more than thirty years. With the experience of the British Act as well as the examples of other Countries to draw upon, the Unemployment Insurance Commission is said to have created a plan which should operate with the least inconvenience to the employer and to the greatest possible benefit to the workers.

A unique and simple system of making contributions to the Fund through the Employer purchasing special stamps from the Post Office and affixing them each week in a book designed for the purpose, is the record of each worker's contribution, as well as the employer's. In this way every worker benefitting can find out exactly at any time where he or she stands in respect to Unemployment Insurance.

NOT ELIGIBLE

There are some classes of workers who are not eligible for Unemployment Insurance, and there are certain conditions which affect all workers. Both employers and employees should familiarize themselves with the terms of the plan which will be made available by the Postmaster in the locality you live.

A part of the plan is the opening of Employment Offices throughout Canada where workers may seek jobs and employers can seek workers. These offices will be opened as rapidly as possible to facilitate the most effective utilization of Canada's labour force during the war in preparation for the return of workers to peacetime employment after war work has ceased.

CLOTH SAMPLES
MAKE QUILTS
FOR RED CROSS

West Howe Sound reports that one of its Units has made 18 large and four smaller quilts from travellers' samples of "cloth" goods, collected from clothing firms and by individuals. These were first machine-stitched together, then "herringboned" with odd scraps of colored wool about each square. Quilts were lined and bound with colored sateen. Several quilts and children's garments have been made by very old ladies, sold and the money given to the Red Cross.

The UNEMPLOYMENT INSURANCE PLAN

To the Employer...

Contributions to the Unemployment Insurance Fund become payable as from July 1st, 1941.

Contributions are made by the employer and the employee, and are paid by the purchase of Unemployment Insurance stamps by the employer from the Post Offices.

The employee's contributions are deducted from his wages by the employer.

Stamps will be affixed to a special book, called the Insurance Book, by the employer. The book is the employee's record of contributions, and when he becomes unemployed it forms the record from which insurance benefits may be paid. Full details will be sent to you when you have returned the postcard attached to a form which is now in the mails.

The plan of procedure has been adopted after consultation with employer and employee associations and is one which has been based upon thirty years' experience in Great Britain.

The Dominion Government adds 20% to the combined employee-employer contributions, and in addition, pays the administration costs which include the operation of a National Employment Service for the convenience of employers and employees.

Contributions are payable by all persons while in employment and by their employers, with the exceptions listed in the panel below.

The first duty of every employer will be to REGISTER WITH THE COMMISSION by completing the postcard attached to a form which is now in the mails, and obtaining and issuing insurance books for all his employees. If there is doubt as to whether your employees, or any of them, are insurable, ask for instructions when you return the postal card. If you do not receive a form through the mail go to the nearest Post Office and ask for one. All employers must complete registration prior to June 14th, 1941.

The Commission feels that it can be assured of the full cooperation of all employers. Nevertheless, attention is drawn to the fact that registration is compulsory and any failure to register is an infraction of the law and is subject to penalties.

been known in Canada. In this greatest crisis in our history, we, the citizens of the M-S-A Area, are asked to do our full part.

"It is our plain duty to lend to the Government of Canada for the preservation of our homes and freedom, any savings which we may have available and any other savings we may be able to make by personal sacrifice. In the loss of Crete we have been told 'that machines defeated us' and they will continue to defeat us until we can oppose the enemy with more and superior machines and trained men to operate them. It is to pay for these machines that Canada is calling for \$600,000,000. Therefore, let us all get behind this drive and help to supply the 'tools' that are so urgently required.

body was found almost at the edge of his pea field and lying against the brush pile with the gun behind and on top of the brush. It appeared that Mr. Lee had walked along the Fireclay or No. 4 road dyke, gone down the bank, climbed over the fence and crossed the almost dry ditch and had climbed out of the ditch over the brush pile when the accident occurred. Dr. Eacrett decided no inquest was necessary after hearing from Const. Blezard, Dr. Cannon, Henry Lee, son of the deceased and W. M. Nelson.

Funeral services were held at 1:30 p.m. on Saturday from the Henderson Funeral Home with Rev. A. C. Camrean officiating. Interment was in Ocean View Cemetery, Burnaby, where the I.O.O.F. conducted a graveside service. Pallbearers were M. G. Nicholson, J. C. Mitchell, W. M. Nelson, H. H. Hall, N. P. Frost and R. Walter.

BORN IN ENGLAND

Mr. Lee was born in Berkhamsted, England, 58 years ago, coming to Canada 34 years ago and had resided in B.C. 18 years. He was formerly a member of the Saskatchewan Provincial Police at Radisson, Sask., and was a longshoreman at New Westminster before coming to this district. He is survived by his wife and son, Henry, at home, and by four married daughters, Mabel, Mrs. L. C. Miles; Kathleen, Mrs. Alfred Lavorato; Leota, Mrs. R. G. Smith, all of Vancouver and Bernice, Mrs. Richard Beck of Winnipeg.

A son, Wilfred, was killed in a motorcycle accident during hop-picking season four years ago and another son died as a result of injuries received in an accident in Vancouver some two years previously. Last December the family was again bereaved through death of a grandchild, son of Mr. and Mrs. Lavorato.

OPENS NEW STORE IN ABBOTSFORD

Former premises of the Willan Hardware east of the railway tracks have been extensively remodelled and refitted by R. Swelander who will open the Abbotsford 5c to \$1 Store there on Friday, according to announcement in this issue. Mr. Swelander comes from Flin Flon, Ontario, and is accompanied by his wife and son. He has had considerable experience in this business and expresses his belief that the 5c to \$1 Store will become as popular here as in other places.

SETS A RECORD

A knitting record to be proud of! One of our members, Mrs. Mawson, in one year of knitting has made 50 sweaters and 70 pair of socks. This is approximately 70 1/2 pounds of wool. Our congratulations to Mrs. Mawson and would a few others like to shoot at that record? Knitters are urgently needed for the making of garments for the women on duty in England. Sewers are also badly needed. This work must be kept up as the demand now is greater than ever.

TALK NAILED

The old bogey of the last war—that the Red Cross sells its supplies—reared its ugly head in our own district lately. One lady heard another make an assertion that she knew a logger on Vancouver Island who had bought a pair of Red Cross socks. This was immediately reported to Vancouver office, which wrote and asked for names, only to be told that "she did not know his name, the name of the camp he worked in, or even where she first heard the story."

Once again it becomes apparent that these sort of yarns are started with nothing more than malice, but why, remains a mystery. As Dr. Arthur, late head of Taplow Hospital in England, said in Vancouver recently, he had to come back to Canada to hear any criticism of the Red Cross—there is none 'over there.'

DONATIONS

We acknowledge with grateful thanks a nice cheque from the Abbotsford Theatre, amount of tax prematurely collected, also \$33 turned over to the treasurer from the public school, proceeds of a concert.

ACTIVITIES

Two things to keep in mind—The barn dance on Friday night in John Olsen's barn, and the tea and home-cooking sale in the Men's Club on Saturday.

SALVAGE

The following is a fairly complete list of acceptable salvage, which will be augmented from time to time: tooth paste and shaving cream tubes, brass ends of broken light bulbs, Victor and Bluebird records, rope, string, twine, broken china, crockery, and glass; old inner tubes, tires, old telephone directories, in fact all kinds of paper. (Newspapers and magazines should be kept separate and tied securely. The necessity for this is that metal staples must be removed from magazines.

Wool and cotton rags, burlap and sacking, old mattresses, carpets, aluminum, copper, brass, lead, cast iron, steel, pipe, old car batteries, bottles, jars, sealers, flattened cartons, tin and lead foil.

As previously reported the salvage shed is now being utilized. Please assist the committee in all ways possible as we are stressing this collection of salvage at the particular request of the Dominion Government.

troy carefully went over the instructions the representatives had received and issued the necessary supplies, including pins and certificates for each investor, identification cards, road maps of each district to be covered and report forms on which to record the result of each call made by the representatives.

TO EXCEED QUOTA

The meeting concluded on a note of confidence that the M-S-A Area will uphold its end of Unit "C" and more as the representatives had volunteered individual quotas which, when attained, will boost the District 3 investment in Victory Loan Bonds well over the \$75,000 objective.
